

Mobile Computer TC601

The extremely robust enterprise mobile device.

RETAIL + LOGISTICS

Product information TC601

Product description and application:

Our latest handheld computer, the TC601, can withstand a drop of 1.8m. This is an exceptionally strong performance in this class of device.

A modern Qualcomm® Snapdragon™ 660 2.2GHz Octa Core CPU enables Android OS to be updated for years to come. Thus the device meets the highest IT security requirements.

With its powerful, removable 4000mAh battery the handheld can support you in your tasks and is protected against external influences by the IP67 certification and built-in Gorilla® Glass 6 on the 6" IPS Full-HD LCM display.

On request, we offer extensive additional equipment such as a hand strap, touch pen, belt pouch and much more.

Detailed technical information can be found on our website.
